

AGENCY FUNDS

Building a Sustainable Financial Future

Why Set Up an Agency Fund?

- ▶ Build long-term assets.
- ▶ Establish a home for reserve funds.
- ▶ Enjoy low-cost investment options and third-party oversight of your agency's assets.
- ▶ Connect with our philanthropic advisors and access our expertise.

How It Works

- 1 Quickly and easily set up an agency fund with one simple document.
- 2 Choose how you want to invest the fund's assets.
- 3 We receive contributions from the agency to the fund, and we process grants from the fund back to the agency.
- 4 Staff and volunteers who oversee the agency's finances can view the fund balance, contributions and grants 24/7 through our online donor portal.
